

Chapter 1/The Great Food Fight

Hi, my name is Sunshine! And me and my friends Sally, and Jude, this is our journal. See, me, my family, and friends live on Mars! And here on Mars we have less gravity, meaning gravy flies way better than on Earth!

“I was only trying to eat my mashed potatoes Mom!” I said

She said I was grounded for the next month. How is that even legal?

Anyways, If you want to hear the story, here it is. I was trying to eat my Pork Chops at school that are absolutely disgusting because it has to be artificial because, Mars! And then someone threw some French Fries at me! So me and my friends joined the Food Army! We began fighting for our glory because the Soviet Union will not go down without a fight! Sally was launching parts of her porkchop at the enemies, while my mashed potatoes were having fun flying! Some people were tattling on us! Why would they tattle on us? I don't know. Some Gravy that a person had on their potatoes went flying towards me! I flinched which only made everything way worse. The gravy landed on my

hand, although that sounds like a good thing It definitely was not. I got fifth degree burns. And had to go to the hospital right away they sent me out on a wheelchair! Best service of my life! And now I hate food but my friends are trying to get me to like it again.

4-14-50

Six days later , I can feel My hand again! But I still hate food. My friend says that if I do not eat then I'll die, however I do not like food and had to have it removed from the room by the nurse.

4-16-50

I can drink smoothies and water! Much health. I'm beginning to feel nourished again! I mean, I still don't like food but anyways, my friends stopped in today, I might be able to go home soon. That would be nice, I would eat my mom's famous potato casserole! Ahhhh, scary!!

4-20-50

I feel like I am dying, I believe that my friends are scheduling time on the Dr.Phil show! They must be going crazy without me. Everyone is bullying me! I understand

that food is necessary or whatever, but I don't need food! I am Immortal.

4-21-50

I get to leave the hospital today, yay! My friends actually want to hang out with me! I'm going to meet them at the Starbucks down the street. I just met my friends and they keep saying that we have tickets to the Dr.Phil Live show! But that's tomorrow, see you then!

4-22-50

So we just got to the film set! This place is awesome (If you didn't know I am a film nerd.)! Well we get to go out now I guess. I thought that we were just watching but ok.

4-23-50

They just accused me of being unhealthy in front of a live audience! Can you believe them? They are crazy people, they were setting me up the entire time!

4-24-50

I am still mad at my friends! Why would they do that? Then a man who claims to be, Keanu Reeves? Is that you? BUT I AM STILL IMMORTAL AND I CAN FLY!

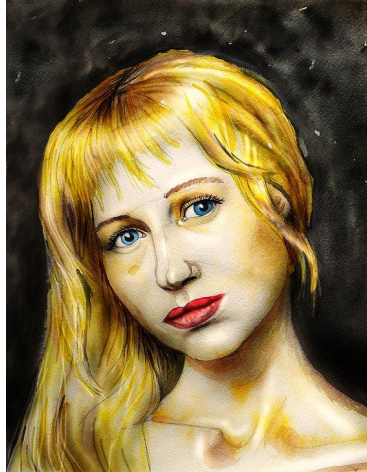

4-25-50

Well I ended up in the hospital again and am about to die hold on, someone is at the door. You'll never believe who was at the door. It was Keanu Reeves and he gave me an enchanted golden apple from Minecraft. I don't know how he did that, but now I like food again because it saved my life, oh ya and Shaggy's flying outside of my window on the 14th floor. Well I'm out of space in my journal so this is probably my last time writing.

Chapter 2 / The Revival Of A Legend, But Worse

4-25-51

Hi! It's Sunshine, And today I'm going back to earth to visit my great aunt Korona Rita. Well the ship is departing now so I will write again when I am there. Hi again we just landed and I just found out that Bob Rosse's grave is like a mile away so I'm gonna go visit that. So I may or may not have just revived Bob Ross with the other half of the Enchanted Golden Apple but he's a Zombie but still a great artist look at the painting he made of me.

The burial site was so epic. Just as epic as the soviets. Which for some reason are outside my aunt's house. Well that's not good. So turns out my aunt is a wanted criminal in the soviet union's book so yeah that's a bit bad, well Bob and I are back on the shuttle and heading back to mars so Bob can paint more things. Well that's probably all I'll write for today.

4-26-51

So it turns out my aunt escaped with us so the Soviets are outside my house. They want two things. My aunt Korona, and Enchanted golden apples as well. Well I think we might be screwed to go back to mars! Wait, I just

realized that there is a basement with a lock! I just have to go down there, and lock it! Genius!

4-27-51

Ok, I am safe for now. We have about a week's worth of tomato soup. I can hear the Soviets above me. I am waiting so that I know when they leave. I thought the Soviets were great, apparently not so much. Good thing they're not on mars!

4-28-51

They got Korona! Oh no, why? I am still hiding. I do not know how they got in, but they did. The Soviets got nothing on me and my tomato soup!

4-29-51

They got me! But they let me continue writing. I don't know what to write about, I am currently in a Soviet van being transported.

Chapter 3 / The Catch

5-3-51

Apparently it is bad to get caught writing by the guards. I am currently planning a way to get out. They did not take my parents. They are back on Mars in peace right now. However I have no idea on how to escape this place with

Korona. I thought at first we could use a Soviet air vent but Korona is too fat, and cannot fit her shotgun she stole from a guard in there.

5-4-51

Somehow I managed to get the vent open with a screwdriver I found. I don't know how to get out with Korona but I have a few ideas first, just leaving without her, maybe breaking out without her and figuring out how to get her out later.

5-5-51

I just realized something. I have to steal the enchanted golden apples back before attempting to leave. I could try to steal it and leave. But my only goal in life is to meet Bob Ross once again. I did not have a chance to talk to him sadly.

5-6-51

I just found the Soviets cloning machine and I looked at the computer attached to it, and it said "Clone 69 killed by clone 420 with chair". Lets clone Bob Ross and he can help us fight the Soviets and free Korona!

5-7-51

I just told Korona that I would be leaving to get Bob Ross to help.

5-8-51

I just left and got Bob Ross, I do not know how to get him to the cloning machine. However I think he's slim enough to fit in the air vent to get back in. And once we are in we can in theory clone him up to 420 times.

5-9-51

I just got him in and cloned him, 420 times. I have an army! Don't mess with me! So we are headed back to go get Korona. And her shotgun because of course, Redneck Merica.

5-10-51

We just started a revolution against the soviets and Korona is defending the Bob ross that are using their paint brushes to kill the soviets, Who thought that our plan would not work this well.

5-11-51

I just got a call from my friends. They continue to say they want to be here to help. So, I bought them shuttle tickets back to Earth. Here they can help us win the war.

5-12-51

My friends got here yesterday and are helping us with the war against the soviets. Yes! We are going to win this for sure! With all of our 420 Bob Ross's, but some of them died so now we are down in numbers. Wait. We can just clone more! Time to go back to base and clone 69420 bob ross's

5-13-51

So bad news the cloning machine broke and couldn't handle cloning 69420 Bob Rosses and Sally may or may not have been exploded by one of the soviets' grenades well I guess she is dead now oof... But I have the parts to fix the cloning machine right now! So far we have over 10,000 bob rosses!

5-14-51

Well the 10,000 bob rosses are at least holding them back for now so I can fix the machine. This war is going to be epic. And then I can go tell my friends! Well... At least the rest of them.

5-15-51

Well, more bad news: the Bobs have started to rebel and now it's a free for all everyone is killing everyone and Korona is going ham with that shotgun. At least I didn't clone 69420 of them.

5-16-51

I just thought of something. I could get Keanu Reeves to show up and get the Bob Ross's on our side once again! I just accidentally cloned lots of extra enchanted golden apples.

5-17-51

My friends are coming to earth to help us win the war against the Soviets. I just heard one of them say "Keanu Reeves is their only way of defeating us".

Chapter 4/Shaggy Strikes Again

5-19-51

I don't know what Shaggy was doing, however he is acting quite strangely. Anyways my friends arrived today.

5-20-51

So, I guess that something is actually wrong with Shaggy. He is doing things that are strange, almost as if he were sabotaging us.

5-21-51

Once again something is very wrong. I think that the soviets have made an attempt to use mind control on Shaggy. But

we still do not have enough evidence. However I still do not know where Keanu is, he must still be on Mars.

5-26-51

Keanu just got here from Mars, and he is doing great. My friends and Keanu are at the only restaurant in the entire state of Florida that has not been raided by the soviets scheming our attack. No update on Shaggy.

5-27-51

I overheard some soviet soldiers talking about their plan to brainwash Shaggy. He is definitely brainwashed into sabotaging us. Tomorrow we still begin the raid on the Soviet base. And the Bob Ross's behavior continues to worsen daily. It seems as if the Soviets may have brainwashed all of them except the original Bob Ross who is still on our side preparing to raid tomorrow.

5-28-51

Today at 9:30 PM we will raid the base, we are going to go for their electrical system. If we do that then we will be able to turn off the power, and as a plan B we can tell all of them to lick the electrical terminals on their nuclear reactor.

Today at approximately 9:30 PM: We can't get into the main base however we got into the main Power Strips. I turned off their power, so the cloning machine stopped. However

that did not stop them. I don't Know what to do. Oh, wait time for plan B!

5-29-51

Plan B worked! They just stuck their tongues right on there. I do not know why it did but it did. Shaggy is still brainwashed though. Might use a WikiHow article to unbrainwash him.

5-30-51

The wikihow article worked, but now we have to clean up the mess that he made. I haven't even found all of it. I continue to find more things he destroyed.

Chapter 5/Not The Trip Home!

6-6-51

Today I am going home. I am not very excited. I liked it here on Earth, but before we leave we are going to visit some of my friends' family.

6-7-51

I decided to not go home! I am very happy that I do not have to go home. The reason I do not want to go to Mars is because on Mars you cannot go outside or do anything. It

is very boring there. Oh yeah we brought Sally back some of the Enchanted golden apples.

CHAPTER 6/ BUMPKIN INTENSIFIES

7-1-51

Out of nowhere a BUMPKIN (pumpkin) CULT has arisen their main goal is to terminate non bumpkin believers. Sunshine has come back to her home and she is fully against the BUMPKIN CULT her main plan of action is to take down the cult with Sally and Jude. First movement take. down. the. cult. They tried to enter the cult and the cult allowed them in right away. The second they got in they tried to reason with the ole mighty BUMPKIN LORD. He declined and kicked them out. The next plan of action was to erase the thoughts of BUMPKINS taking over BUMPKIN LORD's body. They went out on a mission to find the potato kid the most unworthy person to join the bumpkin cult. He wanted it to end.

7-2-51

As they were adventuring out to find potato kids and use their mind erase rays and destroy the cult. Out of nowhere Jude tripped on the mind erase ray great on to the last step...

Oh wow much cliffhanger.
